Prepare for the Advanced Certification Exam in Mammography & earn the required 40 CE credits for MQSA/FDA compliance
A Comprehensive Preparation Course for Advanced Certification in Mammography

Instructor:

Susan M. Sisti, R.T. (R)(M)(QM)

Fee: \$389.00 includes course materials & handouts and access to my online testing website on Blackboard

Place: LaQuinta Inn Fairfield (formerly the Ramada & Wellesley Inn)
(Route 80 West - Exit 52) (see map on reverse)

Date & Time: (10 Monday Evenings)

Monday Evenings 6:00 pm - 9:30 pm

Starting: January 18, 2010

Credits: 40 Category A CE* Credits have been APPROVED by the ASRT. Per ASRT rules for awarding credits: "The ARRT requires attendance for the entire course to receive any credit."

This course is **specialy designed** to prepare the Radiologic Technologist to sit for the Advanced Certification Examination in Mammography given by the ARRT. It is also designed to **improve the skills** of an already certified mammographer in understanding the **whys behind** what we do. **Increase your knowledge of Mammography and prepare for the Advanced Certification Examination in Mammography. Your instructor, Susan Sisti, has been a mammographer for over 30 years and a mammography instructor since 1992.**

Main Subject Areas:

- ❖ Patient Education and Clinical Breast Examination
- ❖ Instrumentation & Technical Application
- ❖ Anatomy, Physiology and Pathology of the Breast
- ❖ Quality Control & Quality Assurance
- ❖ **Digital Mammography added**
- ❖ Mammographic Techniques & MQSA overview
- ❖ Positioning Techniques: Routine & Supplemental

Stay Current:

Reviewing mammography principles and techniques and **improving task performance skills** is the main purpose of this course. Also, the expanded role of the mammography technologist as a breast health educator is stressed. This course is constantly being updated and revised to keep technologists' current in ACR, FDA/MQSA and State Mammography requirements.

Students on their own must obtain the experience requirements that the ARRT mandates as outlined in the ARRT handbook, as no clinical component is provided in this class (see notes on reverse).

- "I could not have asked for a better person or program to prepare me for the registry. She makes the course enjoyable & easy to understand"
- "Susan Sisti's mammography course was recommended to me by several people. The course met all of my needs & expectations. It also more than prepared me for the registry"
- "The class was filled with lots of helpful information, especially with positioning. I felt what I learned in class I applied it at work. The class helped make things much easier"

Registration form: Mammography Principles & Techniques January-March 2010 Session

Name: _____

Address: _____

City: _____ State: _____ Zip: _____

Home Phone: _____ Work Phone: _____ Cell Phone: _____

April – June 2009

Reminder: If you plan on taking the Advanced Certification Examination in Mammography, contact the ARRT for your examination application.

Mammography Advanced Level Examinations are now given at Pearson Professional Test Centers throughout the state. Make sure you check the ARRT's rules for taking advanced exams, in which they have implemented the experience requirement. These experience requirements must be obtained on your own, as no hands-on labs are offered in this course. If you do not have an application, call them ASAP and request the Handbook for the Advanced Level Examination in Mammography at: 651-687-0048.

Students on their own must obtain the experience requirements that the ARRT mandates as outlined in the ARRT handbook, as no clinical component is provided in this class.
